## 2020-21 School Year

Parents and students are asking questions we cannot answer about the 2020-21 school year. The State of Wisconsin and Department of Public Instruction are in constant conversation about the **Badger Bounce Back Program** and how it will impact public schools. *We can't answer what school will look like next year.*

What **we can promise you** is that we will educate your children to the best of our ability as we all work together to meet your child's needs.

That is why your input on the survey noted above is important . Please take the time to fill it out. Thank you!
