

# SURING SCHOOL NEWS

Dear Parents and Guardians,

**You are doing great!** You have an entire school district and community supporting you and your family! We know that the lives of your children have been disrupted. They are missing their routine of seeing friends, participating in activities, eating school lunch, riding the bus, and attending face-to-face classes! The students have worked so hard this school year and we applaud their efforts and accomplishments. While some of their showcase events may be postponed or canceled this spring, we are proud of them!

With Governor Evers' recent Safer at Home order, the earliest schools could possibly re-open is April 27. However, we will continue to plan for long-term school closure through the end of the school year. Virtual Learning and paper packets will be used to continue high-quality instruction until school re-opens. Students at the Elementary are required to complete packet work and turn in weekly (Tuesdays) at pick-up/drop-off sites (Suring School or Mountain Community Center).

Students at the middle school are required to complete daily Virtual Learning to meet/sustain academic standards. Students at the high school level must engage in daily Virtual Learning to continue earning credits towards the successful completion of graduation requirements. If your student is struggling with content/assignments, please feel free to contact the teacher by email during their daily office hours. These are posted on the district website under announcements.

The District Office and Student Office will be open Monday-Thursday from 7:30a.m. to 4:00p.m.. If you have questions or would like to be added to our district's Tuesday food pick-up program, please contact the student office and give them your family name, number of children to be fed and which site you are using for work pick-up/drop-off, as we are distributing food at the same sites.

Also, if you or your child are in need of technical support during this time of Virtual Learning, please contact Laura Strehlow, Technology Director, by email. She will be available Monday –Thursday 8:00 a.m. and 4:00 p.m. to address these issues.

Sincerely,  
Mrs. Kelly C. Casper  
District Administrator

For our kids  
For our community**

Please join the district in spreading some happiness

Perhaps you have seen it on social media or in the news. The **Happy Hearts Club** has a goal to spread happiness, love, kindness and positivity during these unprecedented times.

Participants are invited to create "works of art" using hearts. These can be paper decorations on doors or windows, sidewalk chalk on a sidewalk or driveway, light displays, or any other method of spreading joy.

Share your heart creations by sending them to Mrs. Berg [bergpa@suringk12.org](mailto:bergpa@suringk12.org)

**EAGLES SOAR**
