Wayne Sleeter, President, shared an excel spreadsheet with the list of referendum items that had been discussed over the past several months and he asked Board members to rate them using a scale of 1(low) to 5 (high) on the importance of those items. A discussion took place over the ratings of items on the list. Board Members determined what items would be covered by fund balance funds and those seeking support from taxpayers.

Mrs. Casper reminded the Board members to complete the WASB Survey.
